

**The West Toronto Diamond Grade Separation Project** is an important rail infrastructure project that will eliminate a major bottleneck at the most heavily used rail crossing in Canada. When completed, GO trains on the Georgetown line will pass below CP freight lines, and this will improve service reliability, reduce noise, improve safety, and allow for future service improvements to reduce congestion in the northwest of Toronto.

## West Toronto Diamond Construction Update and Open House

### *What we are doing*

- Pipe pile validation and replacement work continues from Cariboo Ave. to Davenport Rd.
- Sheet piles will be installed on the south side of the CP Rail tracks at the diamond crossing.
- We are preparing for excavation by finishing the watertight walls of the lowered corridor just north of Dupont St.
- Regular construction hours: **Monday to Friday 7 a.m. to 7 p.m.** and **Saturdays 9 a.m. to 7 p.m.**

Temporary Bridge Span Installation

### *How this will affect you*

- Sporadic periods of noise and vibration will occur during pile replacement.
- Sheet pile installation work creates rattling noise
- Please note that we are monitoring noise and vibration as we complete this work

### *Public Open House*

GO Transit has started the last phase of construction. Please join us to learn more of our progress and what to expect in the upcoming year:

**Date:** Thursday, January 26

**Time:** 6:30 to 8:30 p.m.

**Location:** Toronto Police Service 11 Division, 2054 Davenport Road
