

# Toronto Fire Services

## Safety Awareness Month

---

*Toronto Fire Services is once again engaging our neighbourhoods and communities in a special effort this JUNE.*

*June is **Safety Awareness Month (SAM)** and we will be focusing on SENIOR FIRE SAFETY!*

*Seniors remain the fastest growing segment of the population and we want to engage this community by attending meetings, presentations, and events ...to convey messaging and awareness about home fire safety for Seniors!*

*Information about smoke alarms, kitchen fire safety, careless smoking, use of candles, emergency planning, and general fire prevention will be available. Whether you live in a bungalow or a high-rise...there is information everyone needs to know to keep safe from fire!*

*If your group or organization is hosting any wellness, safety or general interest event pertaining to Seniors ...Toronto Fire would like to talk to you! Please invite us to set up an information table, have a discussion, or give a presentation about fire safety. Toronto Fire Services will be delighted to attend! Please forward the following information, or direct any questions to:*

***[tfspubed@toronto.ca](mailto:tfspubed@toronto.ca) (please put SAM in the subject line):***

- ***Name and address of the event***
- ***Date and time of the event (during the month of June)***
- ***Contact person and email/phone number***
- ***Approximate number of persons expected***
- ***State if you would like a presentation, information table, or both***

***Thanks for your interest in Fire Safety and see you in June!***
