

Parkdale Leadership

Training Series

Are you committed to social justice in Parkdale? Do you want to lead change in your neighbourhood? The Parkdale People's Economy and The Public Studio are partnering to provide a three-part training series for women of colour who want to foster skills for organizing at the grassroots, non-profit, and government level. The training will be a paid opportunity to learn from local activists in Parkdale, build leadership skills through hands-on activities, and collectively develop a community initiative to address the issues you care most about in the neighbourhood. We encourage Black, Indigenous, racialized, and newcomer women, trans, and non-binary community members to apply!
