

Changing Lanes

Community consultation meetings on allowing laneway suites across the city

A laneway suite is a separate residential unit in a building located on the same lot as a detached house, semi-detached house or townhouse, but generally in the backyard, and next to a public laneway.

As of August 2018, the City of Toronto has allowed the construction of laneway suites in the Toronto and East York areas of the City, subject to some criteria.

The City is now reviewing the possibility of allowing laneway suites across the City.

Do you have thoughts on laneway suites? The City wants to hear from you.

The City is hosting a series of drop-in consultation meetings where you can learn more, ask questions, talk to City staff and share your comments about laneway suites.

Metro Hall
55 John Street
3rd Floor, Room 308/309
